Subject: Contact from Law Enforcement agencies  
Dear all

You will have seen the communication from Paul Bourassa forwarded to you a short while ago.

If you receive any enquiries from law Enforcement or Government Agencies with whom we deal, please pass the enquiry to Jean-Luc and he will answer them.

In order to maintain some sort of record, could I ask each regional BI and CS head to collate

- the numbers of enquiries that are received (if any) and from they came.
- A list of all employees or external people who received the email containing the allegations directly.

Thank you and best regards

Nigel
