

Dear Curtis,

Thanks your e-mail, normally port authorities don't give such kind of letter.  
Anyhow we shall try through our channel if we can give you any proof to your request.

Thanks and Best Regards

Samir Noaime

**Subject:** MV Rhosus / 2750mts of HDAN in big bags for Mozambique

**Importance:** High

Dear Mr. Samir:

Following our phone conversation earlier this afternoon, we are asking for your kind help and assistance with the cargo of MV Rhosus.

Our lawyers need to have an official letter from the port of Beirut confirming that *"the cargo (High Density Ammonium Nitrate in Big Bags HDAN) in full quantity 2750mts in big bags with marking (FEM) was discharged from the vessel MV Rhosus and has been put to the warehouse premises of Beirut port, confirming the cargo in dry, clean, sound and good conditions. and also confirming the cargo was going on board of the vessel MV Rhosus to Beira port, Mozambique"*

Please let us know if you have any questions. Looking forward to hearing from you soon. Thank you

rgds,

Curtis
