

Dear Mihai Munteanu

Thank you for sending your order to Fidelity Corporate Services (Seychelles) Ltd!

What next?

At your end, please prepare the following documents for each owner, director and shareholder of the proposed company:

1. A copy of passport certified as "true copy" by either a notary, lawyer, accountant, bank manager, judge, embassy official or police officer.
2. A proof of residential address. This can be any home utility bill (except for a mobile telephone bill), a tax or social security statement, a mortgage statement, a bank statement, a credit card statement or an official government correspondence, if it's addressed to you at your home address. Must be an original, not more than 3 months old.
3. Please print and sign the Order Form/Company Formation and Management Agreement, which you generated when placing your order. If for any reason you have not saved it on your PC, please let us know and we will email you a copy.
4. Please scan and e-mail these documents to [documents@seychellesoffshore.com](mailto:documents@seychellesoffshore.com) or fax to + 248 610771.

Why is this required?

By law (the Seychelles International Corporate Service Providers Act), we are obliged to verify the identities of our clients. This information is for our internal file only and NOT for any public registry! All licensed registered agents in Seychelles are subject to the same regulations.

At our end, we are now looking into your order to check if all the details are complete and clear. We will respond back to you, usually within 24 hours, with the final confirmation of your order and with a detailed invoice.

Should you require any further clarification or guidance, please do not hesitate to contact me!

Kind regards,  
Stella Constance (Mrs)  
Managing Director
