А можно этот мэйл каким-то образом СВ переслать. Пол оч просил передать СВ, что товарищи Габсбурги выходят из-под контроля в связи с неоплатой их услуг, и просил уточнить, что делать

Спасибо

Paul,

Read AG mail below. H Group is pissed.

In order to preserve Sasha and H group cooperation, we need to get 3 transfers done (H group 700k E second half 2013 by July 1st, expense reimbursement for first half to AG, and other separate 230 E transfer for MC) today or Monday.

This is becoming awkward.

Please read below and advise how we respond to H group? Eckart can re send all documents if desired today.

Thanks

A

PS- We also would be grateful for indication of whether our remaining balance will be cleared in July or August.

Dear [REDACTED], as I could not reach [REDACTED] on the phone I wrote to him the enclosed E-mail.

On the question of the outstanding payments I want to support you in pushing for a resolution soon, because the members of the Habsburg group are neither accustomed to nor willing to accept unjustified delays.

With best regards, Alfred

**Betreff:** Cooperation

Dear [REDACTED],

My name is Alfred Gusenbauer and I am the President of the Renner-Institute in Vienna, Austria.

The Renner-Institute is a well respected political academy which developed a strong focus on Central and Eastern European affairs and has been instrumental for the democratic transition in the area. We enjoy a broad range of cooperations with academies, foundations and political institutes in Europe and the US.

As I was serving as Federal Chancellor of Austria and President of the Socialdemocrat Party, I was able to build up a strong network with colleagues which I maintain up to now.

In this context I paid a visit to my friend Laurant Fabius this spring to discuss recent developments in Central and Eastern Europe. Our exchange of ideas and my good working relations with Gerard Sebag motivate me to propose to you a potential cooperation between the Academie Diplomatique and the Renner Institute. From all what I know, I have the impression that joining our strength would offer a very fruitful perspective.

The Eastern Partnership Summit of the EU to be held in Vilnius at the beginning of November 2013 serves as an important point of reference for the future relations between the EU and its partners in the East. One of the highlights there could be the signing of an Association agreement between the EU and the Ukraine.

Former President of Poland, Aleksander Kwasniewski on behalf of the European Parliament, is trying to resolve some of the open issues to make the AA [possible](#). By the mid of September we should know where we are heading.

It is my conviction that this process merits a strong political support given the importance of the issue. Therefore I want to propose to you to co organize a conference on 'Ukraine's path to Vilnius' in Paris on September 17, 2013. This would happen at a crucial moment for the Vilnius process and right before the opening week of the General Assembly of the United Nations.

I already received positive signals from Aleksander Kwasniewski and Romano Prodi concerning their participation in such a conference. Of course, we will be delighted, to invite FM Laurant Fabius and other

French personalities whom you are proposing.

To conclude,I would be more than happy to come to Paris in the next weeks and to present to you-also in person -our ideas on the conference and a potential long term cooperation between our two institutions.

Please,accept my best wishes for your National Celebrations on July 14th.

With kind regards  
Dr.Alfred Gusenbauer
